# **Reportable Segment Results**

The Silicon Systems Group (SSG) had new orders of \$1.13 billion, net sales of \$970 million and operating income of \$306 million. The 48 percent sequential increase in net sales was led by shipments to foundry and DRAM customers. New order composition was: foundry 42 percent, DRAM 36 percent, flash 13 percent, and logic and other 9 percent.

Applied Global Services (AGS) had new orders of \$474 million, net sales of \$426 million and operating income of \$63 million. Sequential growth in net sales of 9 percent was driven primarily by semiconductor customer increases in factory utilization levels and new wafer starts.

The Display group had new orders of \$126 million, net sales of \$132 million and operating income of \$25 million. The sequential decline in net sales was expected following a strong prior quarter.

The Energy and Environmental Solutions (EES) group had new orders of \$230 million, net sales of \$321 million and an operating loss of \$36 million. Net sales included revenue for two additional SunFab(TM) thin film solar production lines.
